

GALAXY**PREMIUM ROCK LUG E-3/L-3+**

The Premium Rock Lug is designed to provide maximum traction and resistance to slippage. Galaxy engineers designed this tire with a deeper tread depth than the standard E-3/L-3 giving the Premium Rock Lug superior wear qualities.

Le Premium Rock Lug est conçu pour fournir un maximum de traction et pour résister au glissement. Les ingénieurs de Galaxy ont doté ce pneu de barrettes plus profondes que celles du E-3/ L-3 standard, favorisant ainsi les caractéristiques d'usure supérieures du Premium Rock Lug.

APPLICATIONS

- Loader
- Earthmover
- Mining

UTILISATIONS

- Chargeuse
- Véhicule de terrassement
- Mines
